

Vivekananda Rock Memorial & Vivekananda Kendra

An aggregate or a congregation of men does not make a nation, nor do the geographical area and duration of time qualify a society to be known as a nation. A government formed on such a basis can be called a state, but not a nation. It is common goal or mission that makes a nation. All the constituents strive collectively for something noble. Service with spiritual orientation results in man-making which invariably and inseparably connected with nation building.

Second Phase of Vivekananda Rock Memorial was parallel when Rock Memorial was taking shape. As Eknathji used to say "To put up a Cement and Concrete structure is not the work for which I am born, I am to erect a living and dynamic monument which will be worthy of Swami Vivekananda and which will be capable of bringing into fruition his grand vision of future India."

So, Vivekananda Kendra - An Extraordinary Organisation with Ordinary Men came to existence. Mananeeya Eknathji Ranade, the Man behind the Memorial started Vivekananda Kendra a spiritually oriented service mission in 1972 as the living memorial to Swami Vivekananda comprising of a cadre of dedicated JEEVANVRATIS, Sevavratis, Vanprasthi and Thousands of Local Karyakarata as well as lakhs of patrons , well wishers and our publication subscribels. Vivekananda Kendra is centered around the noble thought service to man is worship of God - and is guided by the national ideals **RENUNCIATION and SERVICE.**
